# **WELCOME TO MOTORVATION 39**

The Motorvation 39 Party Guide is your definitive guide to getting the most out of the show, We're kicking the Perth Motorplex into overdrive from Friday 31st January to Sunday 2nd February for a tyre-smashing, limiter-bashing weekend-long horsepower party, and if you're reading this it means you've cleverly reserved your spot.

Speaking of the event's spiritual home of the Perth Motorplex, Motorvation simply couldn't happen without our hard-working team on the ground. If you see a staff member, show your gratitude by thanking them, and give them the respect of politely following any directions they give. They want you to have a great weekend, too.

## **YOUR PARTY GUIDE WILL COVER:**

- How you can save money by entering early
- An event schedule to help you make the most of your Motorvation weekend
- Which events have awards or prize money up for grabs
- Safety standards for car and driver, to help you sail through scrutineering

# **HOW GREAT IS PERTH!**

For nearly forty years, Motorvation has been Perth's own horsepower party - developed in the west for WA rev heads. It's put Perth street machining on the map, and has made household names of some of the state's best car builders and drivers.

Motorvation and the world class Perth Motorplex facility in Kwinana are intrinsically linked. A mere half an hour south of the Airport and CBD, the 'Plex is the city's ultimate motorsport destination and the place where we'll let three days of car-themed chaos reign!

Perth's picturesque coastline is dotted with amazing towns to see or stay in over the Motorvation weekend. Wander through Freemantle's cafes and bars, unwind at one of Rockingham's coast-side accommodation options or secure your spot in the Perth CBD and discover the allure of staying alongside the mighty Swan River.

## CAMPING

It wouldn't be a weekend-long car festival if we shut the gates at the end of the day, and if you really want the immersive Motorvation experience then camping is available on site for Motorvation entrants and their buddies.

After a long day of cruising through the Motorplex and after the last spectator has left, simply head back to your campsite for a weekend full of late night car chats or some vehicle maintenance with your fellow entrants.

Car festivals are a social occasion, but please respect the fact that glass containers and alcohol aren't welcome inside the venue.

You can cruise your entered vehicle all weekend long at Motorvation, but remember that the Pit Cruising is just for that - cruising. ## SHOW'N'SHINE

While it can be tempting to constantly lap the cruise route, get in some racing or try your luck on the burnout pad, the fact is that both entrants and vehicles alike can need some downtime! The Show'n'Shine might be the best spot to unwind throughout the event. Simply park your car on the grass area in the pits, and take the time to appreciate the event with one of the best parking spots in the venue!

Of course, we'll need you to have the correct safety gear and comply with a few other rules to keep you and the crowd safe, but for the most part Skid Row is a little bit of controlled chaos.

# DRAG RACING

When you're holding a weekend-long car festival at one of the country's best Drag Racing facilities, you know full well that you're going to go racing!

Drag Racing & Roll Racing at Motorvation is for pre-approved vehicles on Friday. You'll have to appease our buddies at ANDRA with your safety gear and ensure your car is scrutineered before you head to the staging lanes.

### WHO CAN DO IT

# MOTORVATION SUPERCUISE

The Supercruise is an event at the very core of Motorvation – a place to really put on a show for the crowd and set some of that horsepower free! Just like the chaos on Skid Row, there are a few rules to keep you and your fellow entrants safe on the Supercruise, but it's perfectly fine to spin the tyres and give the spectators what they want!

### WHO CAN DO IT

Open to all entrants provided you meet the scrutineering requirements. Passengers that are 16 and over are welcome but must sign the waiver and receive their passenger wristband before heading to the staging lanes.

### WHEN

Friday – Sunday

# SMOOTH CRUISE

The Smooth Cruise is an important break in the otherwise high octane proceedings at Motorvation - the automotive equivalent to a leisurely Saturday afternoon or Sunday morning stroll. ### WHO CAN DO IT

All entrants can participate. Kids of all ages are able to jump in as passengers but must be restrained at all times.

# SLALOM & GO TO WHOA

Motorvation offers entrants plenty of chances to let loose behind the wheel, but the Slalom and Go To Whoa are two events that are all about car control which is why they're also two important events for anyone vying for Grand Champion.

Here you'll watch entrants pitch their vehicle and their driving skills against our tight and technical courses.

The courses might seem short, but there are plenty of chances for them to slip up and incur penalties and the podium placings often come down to fractions of a second!

### WHO CAN DO IT

Any entrant can participate. keep your eyes out for the Motorvation 39 Champion testing their skills.

### WHEN

Saturday only

# MOTORVATION 39 CHAMPION

The Motorvation Champion is our time-honoured tradition of searching for the greatest car on the property - not just the most amazing show car full of custom touches, nor the one that's been driven the hardest all weekend, but a combination of both. The Motorvation Champion must have been built to a high enough standard to earn it a spot in the Elite Pavilion over the weekend, then must compete in three driving events on Sunday. The scores from Judging and the Driving Events are combined to unearth our winner.

### HOW YOU CAN ENTER

If you have passed scrutineering and have a fully road registered vehicle you're eligible to enter

If you would like to contend for the Motorvation Champion you have to let the Chief Judging Steward know

You have to be displayed in the Elite Pavilion

### WHEN AND WHERE

On Sunday, all competing Motorvation Champions will need to complete the Champion Driving Events. These events will include Go To Whoa, Slalom and Drag racing!

# ELITE PAVILION

Whether you're a fan of outstanding custom vehicles, you like the smell of car cleaning products or you just want a reprieve from that belting West Coast sun, then look no further than the Elite Pavilion where we've curated the WA's most amazing elite cars.

Here you'll find famous high profile builds from previous events as well as a long list of brand new vehicles, including some that we'll rip the covers off for the first time over the weekend!

One of the Elite rides from the Pavilion will also be crowned Motorvation Champion on Sunday.

### WHO

If you want to be part of the Elite Pavilion please let us know during your application and send an email to [Motorvation@summernats.com.au](mailto:Motorvation@summernats.com.au) with your approved entrant number. ### WHEN AND WHERE

Bump in Thursday at the pavilion with display opening at 2pm Friday, all day Saturday and Sunday .

### UNVEIL SHOW

Shortly after the gates open on Saturday morning you'll find a crowd flocking to the Elite Pavilion for the Motorvation Unveils. In 2024 we saw seven brand new builds debuted at Motorvation, showing an amazing depth of talent in the West's custom car industry.

# ***STREET AND ELITE AWARDS JUDGING***

The only thing more satisfying than putting your car on the trailer in one piece at the end of Motorvation is taking home a trophy for the Pool Room. Street and Elite judging starts when you roll through scrutineering, meaning our scrutineers and judges will be going over your car with a fine toothed comb, so make sure your car arrives looking its best and be patient with our teams as they prepare you for the West's best weekend.

Judging will continue over the course of the weekend, so whenever you're parked up be sure to keep your car looking its best.
