

## **CHICAGO SHOOT OUT RULES**

### **\*\*\* FOR DY0 CLASSES ONLY \*\*\***

The Chicago Shootout Brackets will run over 3 rounds.

Solos if applicable are awarded as per qualifying order.

If a racer misses a round they can still come back and race in the next round.

If a racer withdraws then his or her opponent will get a bye. Rounds will not be reseeded.

After the third round the two Racers with the most wins from each bracket will contest the Final.

If there are more than 2 Racers on the same number of wins after the 3<sup>rd</sup> Round then the better performer(s) from the 3<sup>rd</sup> Round will go into the Final.

The better performer is the racer(s) with the Best Package (Reaction Time and Dial In Package) in the 3<sup>rd</sup> Round - Win or Lose. The calculation is absolute. ie in the case of a breakout or red light the amount under is calculated the same as if it is over.
